Guidance:

This Alert Card has been created by the Smith-Magenis Syndrome (SMS) Foundation UK as a Word document. Please do not edit the text. Only insert relevant details in the required fields.

1. Photograph. It is recommended that you add a face photo so that the card can be easily associated to the person with Smith-Magenis syndrome. Photo will need to be resized to fit the box 2cm wide, about 2.5cm height.
2. Enter person's first and last names in CAPITALS.
3. Enter person's National Health Number. It is assumed that the primary purpose of this card will be to assist medical emergencies.
4. Add contact details for the person to be called in the case of emergency, e.g. parent, carer, key worker, etc.
5. Print, cut out and fold the card once completed.

The QR Code links to <https://smith-magenis.org/what-is-sms/> giving the overview and characteristics of Smith-Magenis syndrome.
